REMARKS

This Amendment, submitted in response to the Office Action dated March 13, 2007, is believed to be fully responsive to each point of rejection raised therein. Accordingly, favorable reconsideration on the merits is respectfully requested.

Claims 1-15 are all the claims pending in the application.

I. Objection to Drawings

The Examiner objected to Fig. 1 for informalities. The Examiner requested that the functional blocks in Fig. 1 be labeled with their corresponding functional names. Applicant has amended Fig. 1 as requested by the Examiner. Consequently, Applicant requests that the objection to the drawings be withdrawn and that the Examiner accept the drawings.

II. Claim Objections

The Examiner objected to claims 2, 8, 9 and 15 for containing a number of informalities. Applicant has amended claims 2, 8, 9 and 15 as suggested by the Examiner. Consequently, Applicant requests that the objection to claims 2, 8, 9, and 15 be withdrawn.

III. Allowable Subject Matter

Claims 1, 3-7 and 10-14 have been allowed.

The Examiner has indicated that claims 2, 8, 9 and 15 would be allowable if rewritten to overcome the objections. As indicated above, Applicant has addressed the objections raised by the Examiner. Consequently, Applicant submits that claims 2, 8, ,9 and 15 should now be deemed allowable.

IV. Conclusion

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.
